PRESENTED BY OMETZ

Get ready for an insightful and engaging session designed specifically for parents! Learn how to navigate the complexities of sibling relationships and create a harmonious home environment.

November 11, 2024

Community Education Zoom Event

Topic: The Power of a Positive Sibling Relationship: Managing Conflict and Favoritism

Speaker: Corinna Jenkins Tucker, Ph.D., CFLE

Time: 1 hour

Overview:

Are you concerned about managing sibling conflicts and avoiding favouritism? Join us for a dynamic session with Dr. Corinna Jenkins Tucker, where she will share expert strategies to help your children develop constructive conflict management and resolution skills. This talk will also provide practical tips on treating each child equitably and fostering a family dynamic where siblings see each other as allies rather than rivals. Discover how to enhance your children's well-being and strengthen their relationships for life!

Key Takeaways:

- Effective techniques for managing sibling conflicts
- How to ensure equitable treatment among children
- The long-term benefits of positive sibling relationships

Don't miss this opportunity to learn from a renowned expert and transform your approach to parenting!
